To Whom it May Concern

Re: Dilesh Fernando

I confirm that Dilesh worked for Ampersand Studio from 23rd June 2025 to 23rd August 2025.

Dilesh was a pleasure to work with. He is keen to learn, a good communicator and very easy to get along with. He would be an asset to any company looking for a junior web developer and can work as part of a team or on his own.

Whilst working with Ampersand Studio, Dilesh worked on multiple projects using PHP and React. They involved creating new sites, implementing designs that were provided via Adobe XD and PDF files and finding solutions to problems that would come up.

I wish Dilesh all the best in his career and will follow his progress keenly.

Yours sincerely
